

MYERS® ED33 SERIES

The Myers ED33 series sink pump system is a time- and money-saving solution. Fast, easy on-floor installation – no need to dig a sump pit. This pre-packaged sink pump system includes a heavy-duty cast iron pump and corrosion-resistant poly basin for years of extended service in a wide variety of applications.

APPLICATIONS

Laundry trays, wet bars, beautician or utility sinks, dehumidifiers, air-conditioning units

SPECIFICATIONS

Capacities – 48 GPM (182 LPM)
Shut-off Head – 24' (7.3 m)
Operation – On: 6-1/2" (165 mm)
 Off: 2" (50 mm)
Solids Handling – 1/2 (12.7 mm)
Liquids Handling – Drainage effluent
Intermittent Liquid Temperature –
 Up to 130°F (54°C)
Motor/Electrical Data – 1/3 HP, 115V,
 9.8 FLA, 1Ø, 60Hz
Acceptable pH Range – 5-9
Shaft Seal – Carbon and ceramic
Housing – Cast iron
Power Cord – 10' (3 m), grounded SJTW,
 SJTW-A
Discharge, NPT – 1-1/2" (38 mm)

FEATURES

On-ground Installation

Without the requirement of digging a sump pit, the system quickly sets up on any solid surface

Heavy-duty Basin Design

Corrosion-resistant, heavy-duty poly basin with curved edge design for increased strength and longer service life

High-Flow Discharge

1-1/2" (38mm) NPT discharge

Manual or Automatic

Automatic vertical switch with piggy-back plug for manual operation

Years of Service

System includes the dependable and tested MDC series pump

Industry-proven Pump Design

- Oil-cooled motor for continuous lubrication and heat dissipation
- Long-life carbon/ceramic seal protects motor against water leakage
- Internal heat sensor provides overload protection and automatic reset
- Shaded pole motor eliminates failure-prone internal relays and switches
