RGB R3

GB REPAIR PARTS

GB NUMBERING SYSTEM

The various versions of the Series GB are identified by a product code number on the pump label. This number is also the catalog number for the pump. The meaning of each digit in the product code number is shown below. The following are the standard 60 Hz product numbers and are built with Single Phase ODP motors and standard staging. The cast iron version uses Seal Code 0 and the stainless version uses Seal Code 4.

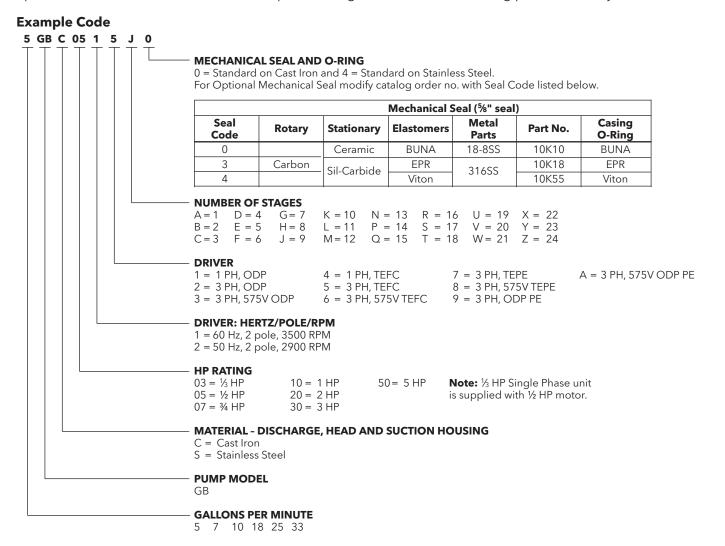

| Orde | r No. | | | Description | on | |
|-----------|-----------|-------|-------|-------------|-----------|--------|
| Cast Iron | Stainless | HP | Phase | Voltage | Enclosure | Stages |
| 5GBC03 | 5GBS03 | 1/3 ① | | | | 7 |
| 5GBC05 | 5GBS05 | 1/2 | | | | 9 |
| 5GBC07 | 5GBS07 | 3/4 | | | | 14 |

① Unit is supplied with ½ HP motor.

^{* 3} HP - 230V

GB NUMBERING SYSTEM

For optional motor enclosures, seals and three phase configurations use the following product code system.

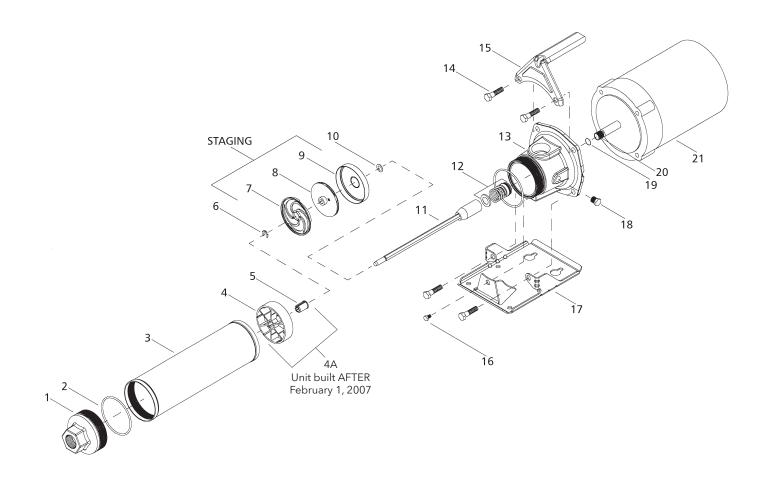

Note: Not recommended for operation beyond recommended range specified on H-Q curve.

For critical application conditions consult factory.

Note: Not all combinations of motor, impeller and seal options are available for every pump model. Please check with Goulds Pumps on non-cataloged numbers.

All motors impacted by the DoE are in the process of being updated.

Goulds Water Technology

Commercial Water

NOTES

Xylem | zīləm

- 1) The tissue in plants that brings water upward from the roots;
- 2) a leading global water technology company.

We're a global team unified in a common purpose: creating innovative solutions to meet our world's water needs. Developing new technologies that will improve the way water is used, conserved, and re-used in the future is central to our work. We move, treat, analyze, and return water to the environment, and we help people use water efficiently, in their homes, buildings, factories and farms. In more than 150 countries, we have strong, long-standing relationships with customers who know us for our powerful combination of leading product brands and applications expertise, backed by a legacy of innovation.
